TWO MILES NORTH OF
Freeport, Minn.

SUCCESSFUL GROWERS OF
Fruit and Ornamental
Trees; Roses and
Shrubbery

DEAR CUSTOMER:

In sending you this price list of nursery stock, we wish to enclose this article to deny the truth of a rumor that has been circulated of late to the effect that the Wilwerding Nursery is doing no more business in the nursery line. The facts are that we are yet in the business and have never had as fine and up-to-date stocks as we have today, and we expect to increase the raising of our own seedlings.

We are at all times receiving orders for nursery stock from all over this and adjoining counties. Thousands of well satisfied customers greet us wherever we meet them.

We do not as a rule engage agents, nor we do not grow stock for wholesale trade, therefore we send you this list instead of calling on you. Please consider it our personal representative. If you wish to see us in person, send up a postal card and we will take pleasure in making you a personal visit. A word from you now will insure us calling on you while making the rounds of the country this coming December.

Sincerely yours,

A. J. WILWERDING,

Freeport, Minn.
